

# Our pledge when more children attend school

As schools open to more pupils, Ebor Academy Trust is committed to the safety and well-being of staff and children.

We will continue to listen and respond to official guidance from all sources to keep our practices in school up to date.

We have developed a risk assessment framework focused on the safety of children and staff, from the best sources of official guidance and advice which we will continue to monitor.

With social distancing in mind, we have redesigned the physical layout of some of our schools especially in the areas of drop off and pick-up; safe ways of walking around our schools; class sizes and lunch arrangements.

All our schools have Personal Protective Equipment including soap and hand sanitiser, thermometers, faces masks, aprons and gloves.

We will stay in touch through letters, phone calls, text messages, social media and school and Ebor websites. Please contact your school if you have any queries.

## What we ask of you...

Please follow social distancing and hygiene guidelines – drop off and pick up rules, hand washing prior to arrival at school and on return home.

Please keep your school informed of all relevant health and attendance issues – for your children and family members – so we can continue to support you and your children as best we can.

Where children can't attend school, please commit to learning from home and staying in touch with school.
